Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's Representative asked to discuss the rejections under 35 U.S.C. 101. The Examiner restated the case for the rejection (as stated in the previous Office Action). Examiner suggested adding language to positively recite storing or displaying data in claim 1. Applicant's Representative suggested amending the language in the "maintaining" step and adding "computer-readable storage medium" language to the claim. Examiner stated that the style of claims 11 and 21 made it difficult to ascertain where the preamble of the claim ended and where limiting language began, among other issues.
